

Cindy Kubica (Koo-bee-ka)

Stress expert and Energy Coach, Cindy Kubica's philosophy is... **"No more broken bones!"** She can already predict the weather better than the weatherman.

Cindy is here today as a stress expert, not 'just' because of her education, but as a person who, like all of you, has had her turn in front of the firing squad.

Cindy is a speaker, author, inventor, co-worker, wife, mother, grandmother, marathoner, nurse, doctor, patient, counselor, maid, chauffeur, bank, gardener, pet-handler, problem-solver, friend, enemy, target, storm chaser, window washer, shoe collector...

You get the picture... ***she's just like you!***

Please welcome *The Energy Coach, Cindy Kubica.*
